

50BDHD

Damper | Opposed Blade, Heavy Duty, Duct Mounted, Cable Operated

MODEL

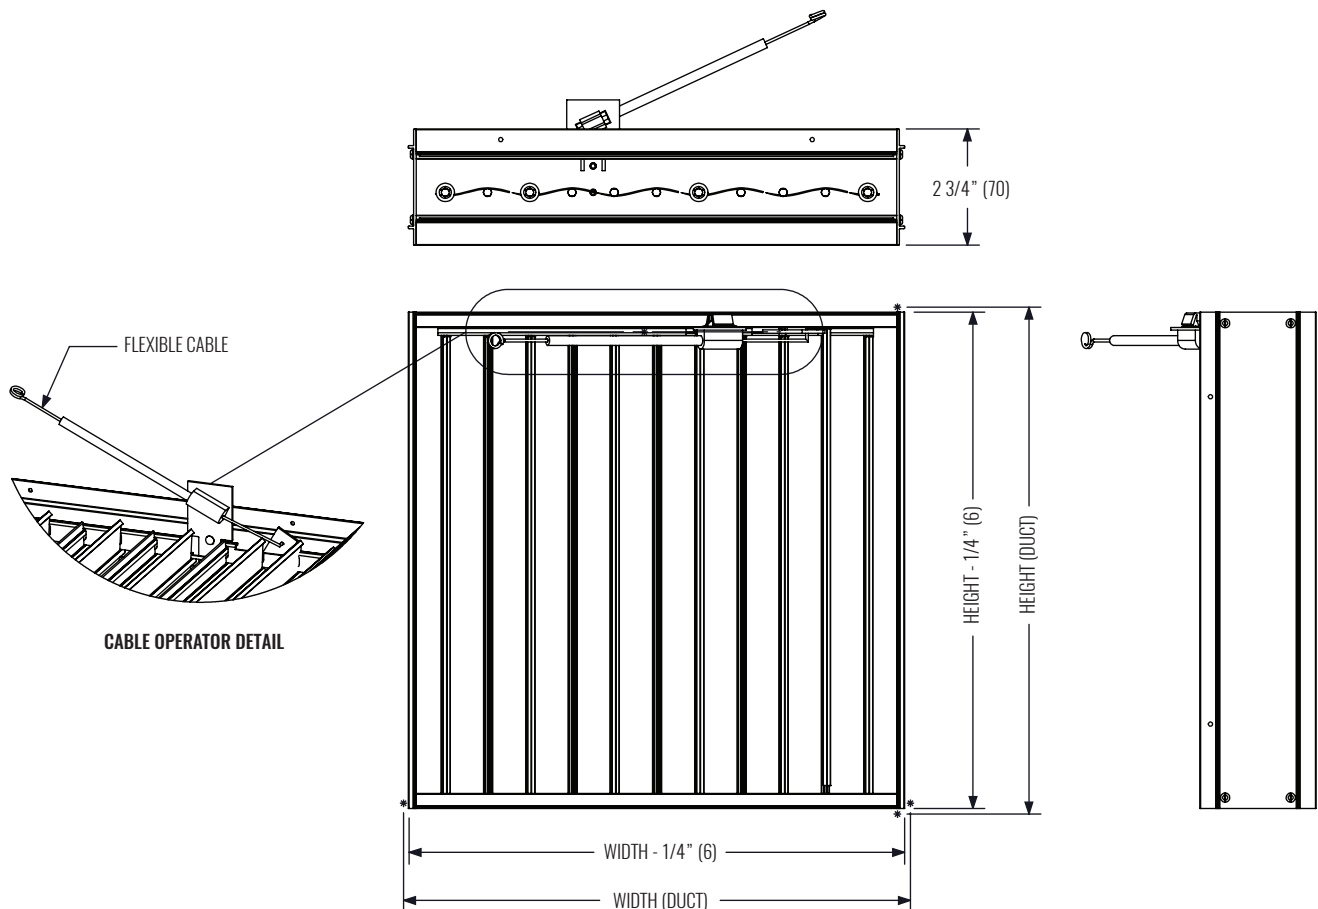

50BDHD - Heavy Duty, Duct Mounted, Cable Operated
Opposed Blade Damper, Aluminum Construction

FEATURES

- Opposed blades allow excellent airflow control
- Cable operator is installed through ductwork to room side grille to allow quick and simple airflow adjustment
- Upstream installation reduces generated noise from entering the occupied space, compared to a duct mounted damper
- Maximum single size damper is 48"x18" (1219x457mm), multiple dampers used to create larger sizes
- Standard finish is Mill
