

INTRODUCTION

The RM2PLQ/RM4PLQ architectural round ceiling diffuser provides excellent performance in variable air volume systems and provides a clean, smooth look for exposed duct or hard ceiling applications. Additionally, it has a center plaque with three adjustable positions. In position one, capacity is maximized with a uniform 360° horizontal throw. In position two, room air induction is increased and throw remains horizontal. In position three, the air projects vertically from the diffuser.

Krueger's round ceiling diffusers come with a safety cable to secure the inner plaque core after removal.

MODELS

RM2PLQ - Steel Round Diffuser with Aluminum Plaque
RM4PLQ - Steel Anti-Smudge Round Diffuser with Aluminum Plaque

FEATURES

- Horizontal and vertical air distribution. (Units ship in vertical position.)
- Core is easily removable from face of diffuser.
- 360° Discharge air pattern.
- Excellent performance in variable air volume systems.
- Designed for exposed duct or hard ceiling applications.
- Safety cable included.
- Standard finish is #44 British White.
- Optional finishes available.

ACCESSORIES

- Optional Straightening Grids (Duct Mounted)
- Optional Round Damper (Duct Mounted)
